

Why Love and Logic®?

“Life isn’t easy, but we can teach our kids to develop the skills that give them a firm foundation for the future.”

— Chivonne Carter,

LCSW and NOCE Parenting Program Professor

Our goal is to serve and support you, and we hope you will let us be a part of your journey.

Classes are sponsored by North Orange County Regional Consortium (NOCRC) and North Orange County Continuing Education (NOCE).

North Orange Continuing Education (NOCE) has been cultivating change since 1974 with educational programs and services including high school completion, English-language acquisition, vocational training, and self-development programs. NOCE serves 30,000 students annually, ranging from preschoolers to seniors, at three Center locations and more than 100 off-campus community locations. Accredited by the Accrediting Commission for Schools, Western Association of Schools and Colleges, and part of the California Community Colleges system, all NOCE courses are approved by the State of California.

The North Orange County Regional Consortium for Adult Education (NOCRC) is a regional education consortium tasked with helping to expand and improve adult education in North Orange County. Established in 2014 as a result of California legislation AB86, NOCRC is comprised of community colleges, K-12 school districts, county offices of education, and other community partners.

Build a Healthy Relationship with Your Students

Love and Logic® Classes

The Love and Logic® Focus

North Orange Continuing Education (NOCE) offers a series of Love and Logic® workshops that support educators in implementing positive techniques for managing students in the classroom. The program is based on research-based principles including:

» **Respect, appreciation and love prevents potential issues**

When students feel respected, appreciated and even loved by their teachers, they are often more motivated and fewer day-to-day issues arise.

» **Freedom to problem-solve and make decisions fosters motivation**

Students are typically calmer and more motivated when their teachers allow them to make choices and solve their own problems within limits.

» **Focusing energy on problem prevention is rewarding**

Many successful educators focus most of their energy on simple tools for preventing small misbehaviors... rather than trying to provide consequences for every problem.

» **Showing empathy and compassion is effective**

When consequences are necessary, effective educators provide them with sincere empathy or compassion.

Our Love and Logic® course for educators are tuition-free...and fun!

Love and Logic® Educator Course Descriptions

Love and Logic® is a philosophy of teaching that allows you to be happier, empowered, and more skilled in your interactions with your students. “Love” allows students to grow through their mistakes. “Logic” teaches them to weigh their decisions, anticipate the outcomes, and learn from them.

In addition to this course, we offer several other workshops that are designed for parents but open for anyone to attend, including:

- **Parenting the Love and Logic® Way**
- **Love and Logic: Early Childhood Parenting Made Fun®**
- **Love and Logic: Adults Supporting Youth with Challenging Pasts™**
- **Love and Logic: Supporting Youth with Special Needs™**

Additional Information

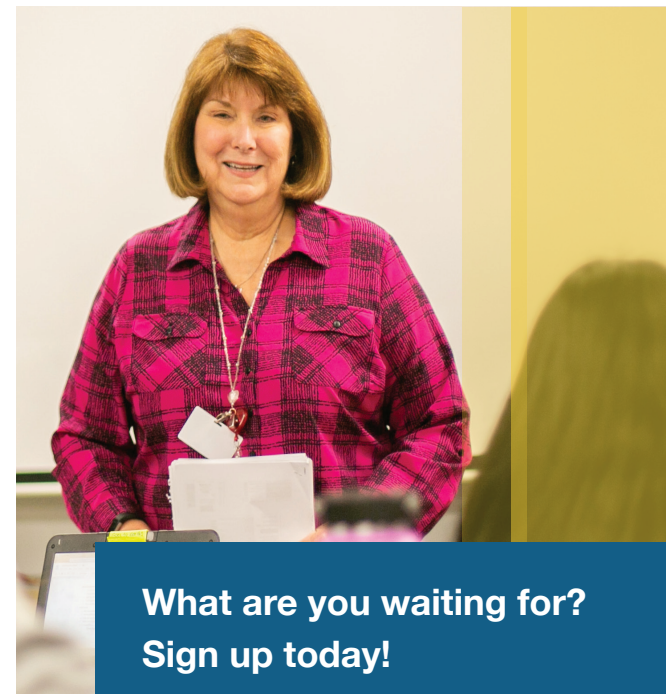

Workshops are held throughout the year at convenient locations near you, including public school sites. Our classes and webinars are also available in an online format.

For the current course schedule, visit noce.edu/loveandlogic. For a full description of all available courses, visit <https://noce.edu/student-services/loveandlogic>.

The Benefits of Using Love and Logic® in Your Classroom

Love and Logic® is not another program you have to implement! Rather, the program provides simple and effective tools to help you maintain a calm and positive classroom atmosphere.

- » Learn to promote social and emotional wellness in your students.
- » Get tips on helping your students build healthy relationships with all adults.
- » Practice responding to each student with empathy, which in turn allows that student to be open to love and learning.
- » Understand the effects of adverse childhood experiences and trauma, and learn skills to help your student heal.
